Plants for consideration must be registered by 11.00 am.

Section VI (Rhododendrons) is closed this year for competition

SECTION I

Open to ALL Members.

Class

A. 6 pans rock plants, distinct, pan size not to exceed 17.5 cm maximum external diameter

1. 6 pans rock plants, distinct species, not more than two of any one genus.
2. 3 pans rock plants, distinct genera
3. 3 pans rock plants, distinct genera, new, rare or difficult (see rule 14)
4. 3 pans dwarf Rhododendron, species and / or hybrids
5. 1 pan rock plant, new, rare or difficult (see rule 14)
6. 2 pans rock plants native to Scotland, distinct genera
7. 1 pan rock plant native to Scotland
8. 2 pans rock plants native to Australasia, distinct genera, need not be in flower
9. 1 pan rock plant native to Australasia, need not be in flower

10. 1 pan rock plant with silver or grey foliage
11. 1 pan rock plant with purple or variegated foliage
12. 1 pan cushion plant
13. 2 pans cushion plants, distinct, need not be in flower
14. 1 pan rock plant grown unprotected in the open ground
15. 1 pan Saxifraga
16. 3 pans Primula, distinct species or hybrids
17. 2 pans Primula, as Class 16
18. 1 pan Primula, species or hybrid
19. 1 pan Cyclamen
20. 2 pans Androsace, distinct
21. 1 pan Androsace
22. 1 pan Primulaceae, excluding Androsace, Cyclamen and Primula
23. 2 pans Ranunculaceae, distinct
24. 1 pan Ranunculaceae
25. 1 pan Papaveraceae or Fumariaceae
26. 3 pans Bulbs, distinct, raised from seed by the exhibitor (see rule 14)
27. 1 pan Iris
28. 2 pans Fritillaria, distinct
29. 1 pan Fritillaria
30. 1 pan Tulipa
31. 1 pan Trillium
32. 2 pans Alliaceae, Asparagaceae, Iridaceae and/or Liliaceae, distinct genera excluding Iris, Tulipa and Fritillaria
33. 1 pan pan Alliaceae, Asparagaceae, Iridaceae or Liliaceae, as in class 32
34. 3 pans bulbs, distinct genera
35. 2 pans bulbs, distinct genera
36. 1 pan Arisaema
37. 1 pan Asteraceae
38. 1 pan Gentiana
39. 2 pans Lewisia, distinct
40. 1 pan Lewisia
41. 3 pans Crassulaceae, distinct
42. 2 pans Crassulaceae, distinct
43. 1 pan Crassulaceae
44. 1 pan Diapensiaceae or Gesneriaceae
45. 2 pans Rock plants, distinct, native to the Americas, excluding bulbs
46. 2 pans Rock plants, distinct, native to Europe, excluding bulbs
47. 1 pan Rock plant, native to Africa
48. 1 pan Dwarf Rhododendron
49. 1 pan Ericaceae, excluding Rhododendron
50. 2 pans dwarf Coniferae, distinct
51. 1 pan dwarf Coniferae
52. 2 pans dwarf shrubs of different genera, excluding Ericaceae and Coniferae
53. 1 pan dwarf shrub as in Class 52
54. 2 pans fern, distinct
55. 1 pan fern
56. 1 pan Viola, species
57. 1 pan Pleione

- 58. 1 pan hardy orchid, excluding Pleione
- 59. 2 pans rock plant not eligible for classes 15 - 58, distinct genera
- 60. 1 pan rock plant not eligible for classes 15-58
- 61. 1 pan rock plants, raised from seed by the exhibitor; need not be in flower (see rule 14)
- 62. 1 container various rock plants, arranged for effect, maximum diameter or length of side
30 cm

SECTION II

Open only to members who have not won more than twenty-five First Prizes at previous SRGC Shows.

Class

B. 6 pans rock plants distinct. Pan size not to exceed 17.5 cm maximum external diameter

- 63. 2 pans rock plants, distinct genera
- 64. 1 pan rock plant
- 65. 1 pan rock plant native to Scotland
- 66. 1 pan rock plant with silver, grey, purple or variegated foliage
- 67. 1 pan cushion plant
- 68. 2 pans rock plants grown unprotected in the open ground, distinct genera
- 69. 1 pan rock plant grown unprotected in the open ground
- 70. 1 pan Brassicaceae
- 71. 1 pan Saxifraga
- 72. 2 pans Primula, distinct species or hybrids
- 73. 1 pan Primula, species or hybrid
- 74. 1 pan Primulaceae, excluding Primula
- 75. 1 pan rock plant native to Australasia, need not be in flower
- 76. 1 pan Ranunculaceae
- 77. 1 pan Papaveraceae or Fumariaceae
- 78. 2 pans Alliaceae, Asparagaceae, Iridaceae or Liliaceae, distinct genera
- 79. 1 pan Alliaceae, Asparagaceae, Iridaceae or Liliaceae
- 80. 1 pan Fritillaria
- 81. 1 pan Tulipa
- 82. 1 pan Asteraceae
- 83. 1 pan Gentiana
- 84. 2 pans Lewisia, distinct
- 85. 1 pan Lewisia
- 86. 1 pan Sedum
- 87. 1 pan Sempervivum or Cotyledon
- 88. 2 pans fern, distinct
- 89. 1 pan fern
- 90. 1 pan dwarf Rhododendron
- 91. 1 pan dwarf shrub, excluding Rhododendron or Coniferae
- 92. 1 pan dwarf Coniferae
- 93. 1 pan rock plant, raised from seed by the exhibitor, need not be in flower (see rule 14)
- 94. 1 pan rock plant, not eligible for Classes 70 - 93
- 95. 1 table or window box rock garden, not exceeding 0.37 sq m (4 sq ft), living plants only,
cut flowers not admissible

96. 1 container of various rock plants as in Class 62

SECTION III

Open only to Junior Members

Class

97. 1 pan rock plant, raised from seed, need not be in flower (see rule 14)

98. 1 pan bulb, corm or tuber

99. 1 pan rock plant of easy cultivation

100. 1 bowl cut flowers of rock plants, arranged for decorative effect, bowl to be supplied by

exhibitor, not to exceed 15 cm.

SECTION IV

Not for competition

Members are invited to exhibit plants, cut flower arrangements, photographs, sketches, or paintings

of plants, gardens, items in nature or other objects or materials of interest to members and the

public.

SECTION V

Open to non-members at 5p per entry

Class

101. 1 bowl cut flowers of rock plants, arranged for decorative effect: bowl to be supplied by

exhibitor, not to exceed 15 cm

102. 1 pan single primrose

103. 1 pan double primrose

104. 1 pan Polyanthus

105. 1 pan show Auricula

106. 1 pan alpine Auricula

107. 1 pan border or garden Auricula

108. 3 20cm (8") vases of daffodils, three varieties, three blooms of each

109. 2 20cm (8") vases of daffodils, two varieties, three blooms of each

110. 1 20cm (8") vase of daffodils, one variety, three blooms

111. 1 20cm (8") vase of Tulips, one variety, three blooms

Definitions of Classes of Auricula, Polyanthus and Primrose

Show Auriculas are either edge or self-coloured. They invariably have white paste centres.

Alpine Auriculas have pips of one colour, though of varying shades of that colour, the deeper shade

towards the centre, the paler towards the edge. No farina is to be found on any part of an Alpine

Auricula. The centres may be either gold or cream-coloured.

Border or Garden Auriculas, are somewhat similar to Alpine Auriculas, but the colour shading is

much less definite. They are coarser plants than Alpine varieties, and farina may be found on

foliage or flower scapes.

Florists' Auriculas should not be confused with Primulas belonging to the Auricula Section. This

latter includes P.auricula and its varieties, and such well-known hybrids as P. 'Linda Pope'; the term

" Auricula" is commonly applied to the florists varieties, and not to species and their hybrids.

The plant known as P. 'Barrowby Gem' is a Polyanthus, and the group covered by the name Juliae

hybrids should be classed as Primroses; P. Garryarde Guinevere' is a Polyanthus.

Members who are in doubt as to which classes their exhibits belong should consult the Show

Secretary.

SECTION VI

This section is closed this year for competition
