

Kurt Vickery seed list supplement September 2012

Welcome to my fourth list of wild seed collected by Vladimir Kolbintsev In Kazakhstan, He has revisited some of the localities that we searched back in May, in some cases harvesting more of species previously listed or collecting new varieties that weren't ripe at the time.

Some are in very short supply marked **, These are likely to sell out very soon after this list is sent out , those marked * are few also .You are more than welcome to request a stock level update by e-mail

Ordering information

Please order by number including KZ prefix and price (figure in brackets shows the number of seeds per packet) Prices are £ Sterling

I CAN NOT accept non Sterling cheques. Cash is easier for me if paying in Euros or Dollars but overseas customers can pay by STERLING international money order if they prefer.

Please make out cheques to K.P.Vickery

If sending a cheque you may prefer to endorse it , Not to exceed 'X' number of pounds, 'X' being the anticipated maximum cost of the order, If you do this please leave enough space for me to fill in the actual amount
