

GLEN CHANTRY

RESTING BULB LIST 2013

Almost all the snowdrops offered in our list are grown in carefully labelled pots in narcissus fly proofed shade tunnels. The huge majority offered have been grown from twin scales; some have been grown on from the garden. They have all been checked to the very best of our ability as true to name and healthy at flowering time. The bulbs are also checked carefully before dispatch when they can be easily seen and examined.

We are not intending to issue an 'In The Green' list in January 2014. We will hope to sell at five special snowdrops events during January and February 2014. Details of these will be E-mailed later.
